

NAMING SCHOOL FACILITIES

Naming of School District facilities is the responsibility of the Board of Education and shall be by majority vote of the entire Board. A District facility may be named when it has a specific purpose. A facilities naming committee may be appointed by the Board President. A written nomination, which shall contain the rationale for such nomination, may be solicited from the public. Once a facility has been officially named, it shall not be renamed except for compelling reasons to be determined by the Board.

Criteria that may be considered when naming school facilities are:

- A facility may be named after a geographic location and/or a section of the District it serves.

- If a facility is to be named after a person, that person shall be of exemplary moral character; have made an outstanding contribution to education, humanity or community; have displayed outstanding leadership; or be a person of historical significance.

- Facilities may also be named after major contributors to the School District without whom new facilities would not have been possible.

Parts of a facility may be named after individuals using the same criteria for recognition of individuals, and may be marked on an appropriate plaque commemorating that individual's contribution.
